Product Sheet
RetailApp

BIZERBA

RetailApps – small units of functionality with major impact.
These useful applications supplement the RetailPowerScale scale solution
and combine individuality with the advantages of standard software.
Modular design, readily available, at an attractive price.

More information
High performance with a wide range of solutions and options.

OperatorLogin

Operator login made easy: Choose with the RetailApp OperatorLogin between various types of operator login as an alternative to the standard login process of the RetailPowerScale software.
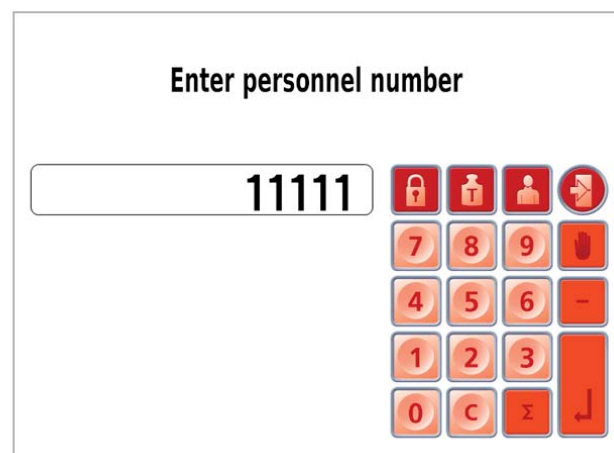

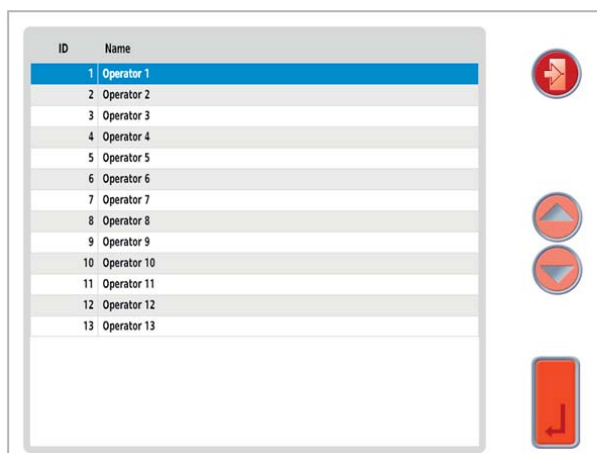

The RetailApp OperatorLogin allows to log in the correct operator based on a list of names or by entering an eight-digital personnel number on the scale. The RetailApp is automatically started as soon as the login information is required. Prevent login errors with OperatorLogin.

Functionalities

– Three different login procedures:
  – Login via operator overview with list of names
  – Login via operator overview and personnel number
  – Login via personnel number

Benefits

– Easy login and logoff via known personnel number without additional operator number
– Prevention of login errors
