

# Product Sheet

## RetailApp

**BIZERBA**

*RetailApps – small units of functionality with major impact.  
These useful applications supplement the RetailPowerScale scale solution  
and combine individuality with the advantages of standard software.  
Modular design, readily available, at an attractive price.*

**More information**  
High performance with  
a wide range of  
solutions and options.

## Scan2Operate

Easy and safe via scanning: Control your scale functions by barcodes with the RetailApp Scan2Operate.

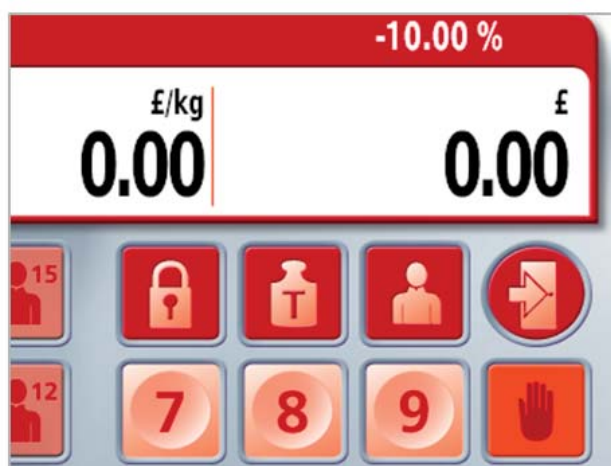

The RetailApp Scan2Operate enables to call up defined scale functions by scanning barcodes. EAN 8 and EAN 13 codes are supported. With RetailApp Scan2Operate, discounts can be automatically called up by scanning customer cards or the operating mode can be changed in an automated manner, for example. Easier and faster processes via Scan2Operate.

### Functionalities

- Supported functions:
